ITS EXPRESS 8012 Series

ITS EXPRESS 8040 Series

ITS EXPRESS 8024

Exceeds NEMA TS-2, Remote monitoring (RMON)
Optical Monitoring With Mapping Capabilities
Wide ranging, cost effective copper cable testing
Layer 2++ Managed Hardened IGMP Video Switch
Email notifications For Fiber Outages, Port Down, ETC.
10/100/1000TX Copper Ports 7,12, 18, 24
56 GBPS Back-Plane
Event Notification: Email SMTP, Syslog, SNMP & Relay Output
Fast ITS Ring Recovery Time < 10ms
over 250 units of connections

Multiple Switch Configurations:
Web, Tenet, CLI, CLI Menu
100 or 1000 Dual Speed Hybrid Fiber SFP Combo Ports
Easy to Configure, Web interface Influenced by ITS users
Designed For Heavy Multi-Cast in Harsh environments
Mix and Match Multimode and Single Mode Fiber and Full Layer 2+ Management, 802.1x Authentication
Mix and Match 100 and 1000 Fiber S-Flow network monitoring
Dual Redundant PS guarantees Non-stop operation
